

FOR IMMEDIATE RELEASE

Brent Sutton hired as AgroSource Sales & Marketing Director

Tequesta, FL June 24, 2019 – AgroSource, Inc. announces Brent Sutton as Sales & Marketing Director, effective July 1, 2019.

Brent got his start in agriculture with Lykes Agri Sales where he proved his in-depth understanding of Florida agriculture and solutions to crop production challenges growers face on a day-to-day basis. Later, as President and General Manager of Growers Fertilizer Corporation, Brent oversaw the successful expansion of sales across Florida, the Caribbean and South America.

Brent is very active in the Agriculture Industry, having held positions on the Florida Fertilizer and Agrichemical Association, Florida Fertilizer, Seed and Feed Council, Independent Ag, and Chem Nut, and is the current President of the Florida Ag Council. Brent holds a Bachelor's of Science in Fruit Crops from University of Florida.

"Brent brings a wealth of experience and we are very excited to have him as part of the AgroSource team", said Taw Richardson, CEO of AgroSource. "Throughout his career, Brent has demonstrated a grower focused approach and has built long term relationships with his customers. I look forward to his leadership in developing our commercial strategy."

About AgroSource

AgroSource, Inc. is a global agricultural life science company established to meet the unique needs of growers, with emphasis on specialty crops. The AgroSource team works in a focused and collaborative manner with the agricultural community to identify products that meet these needs- ones that are often overlooked by highly diversified companies. AgroSource developed, manufactures and markets FireWall™ and FireLine™ brand bactericides.
